Exceptional 180-degree rice field views unfold toward distant mountain silhouettes, creating a serene backdrop that can be enjoyed from every level of the villa. Facing west, the property captures soft sunset light and benefits from a naturally breezy setting. Seseh Beach is conveniently located just 1.4 km away, approximately three minutes by scooter.

Designed by its owner, a bestselling author and photographer with a deep passion for architecture and art, the villa reflects a thoughtful, personal approach to space. The three-storey layout places the living, dining, and kitchen areas on the first floor, two guest bedrooms on the second floor with distinct Africa and Asia themes, and dedicates the entire third floor to a private master suite complete with an air-conditioned wardrobe room. Curated art pieces throughout the home enhance its sense of character and identity.

Each bedroom opens onto a private roofed balcony, offering an intimate corner for morning coffee or quiet reading while taking in the views. The villa forms part of a small boutique hotel, providing 24-hour security, shared access, and motorbike parking. Due to its vertical design and multiple staircases, the property is not recommended for families with young children.
